INSURANCE SPECIFICATIONS

The intent of this insurance specification is to provide the coverage required and the limits expected for each type of coverage. With regard to the Automobile Liability and Commercial General Liability, the total amount of coverage can be accomplished through any combination of primary and excess/umbrella insurance. However, the total insurance protection provided for Commercial General Liability or for Automobile Liability, either individually or in combination with Excess/Umbrella Liability, must, at a minimum, total $1,000,000 per occurrence. This insurance shall apply as primary insurance with respect to any other insurance or self-insurance programs afforded MEOC. The policies shall be endorsed to be primary with respect to the additional insured.

The successful bidder shall carry Commercial General Liability Insurance in the amount specified below, including contractual liability assumed by the successful bidder, and shall deliver a Certificate of Insurance together with necessary policy endorsements from carriers licensed to do business in the Commonwealth of Virginia. The Certificate shall show MEOC named as an additional insured for the Commercial General Liability and Umbrella/Excess Liability coverage if such coverage is used to meet the specified amount of insurance. The contract includes the following indemnification agreement: “The contractor agrees to indemnify, defend, and hold harmless MEOC, its governing body, officers, employees, and insurance carriers, individually and collectively, from all losses, claims, suits, demands, expenses, subrogation, attorneys’ fees, or actions of any kind or nature resulting from personal injury to any person (including bodily injury and death), or damage to any property, arising or alleged to have arisen out of Contractor’s negligent acts, errors, omissions, related to the provision of services and/or products specified under the contract provided that such liability is not attributable to MEOC’s sole negligence.”

MEOC makes no representation or warranty as to how the successful bidder’s insurance coverage responds or does not respond. Insurance coverages that are unresponsive to the above indemnification provisions do not limit the successful bidder’s responsibilities outlined in the contract.

Title 65.2 of the Code of Virginia requires every employer who regularly employs three or more full-time or part-time employees to purchase and maintain workers’ compensation insurance. If you do not purchase a workers’ compensation policy, a signed statement is required documenting that you are in compliance with Title 65.2 of the Code of Virginia.
